NORTH CAROLINA, Before Clerk Wake County, Saperior Court. Notice is hereby given that I have this day issued letters declaring J. M. Breughton, W. N. Jones and J. N. Holding and their associates and successors, a corporation for the purposes set forth in the articles of incorpora-tion filed and recorded in this office, with all tion filed and recorded in this office, with all the privileges conferred upon corporations under chap 16 of the Code of North Caroliaa and the laws amendatory thereof. The substance of said articles is that the said parties desire to become incorporated under the name and style of "The Raleigh Real Estate Company," and the business proposed to be done by said company is the buying, selling, renting, leasing, holding and improving real estate and negotiating loans on real and personal property, the buying, selling, renting and leasing real estate on commissions, the taking, holding, purchasing and selling options on real estate, the collection of rents, notes, accounts and other evidences of indebtedness, the placing of insurance on property notes, accounts and other evidences of indebtedness, the placing of insurance on property
on commissions, and such other acts as may
be necessary to effectuate the purposes enumerated. The place of business of said corporation is Raleigh, N. C., and the duration
thirty years. The capital stock of said corporation is three thousand dollars, divided
into thirty shares of one hundred dollars each,
with privilege to increase the capital stock to
two hundred thousand dollars. The stockholders of said corporation are not individually liable for the debts of the same.

The Company owns the Famous "Ore Hill" Property, in Chatham Co., N. C., that has been noted as an iron property for more than a century. Ores from it were used in the manufacture of iron during the Revolutionary war. During A few pieces of White and Pink Tarleton, Satines, Dress Goods, White Goods in every style and quality.

PRETTY FURNITURE

MAKES COSY HOMES!

manufacture of iron during the Revolutionary war. During the late civil war the Confederate Government selected this locality as the site of large iron and ordinance works, because of the exceptionally High Grade of its Ores. The lack of railroad facilities has made impossible, hitherto, the profitable utilization of these ores on any large scale. The locality is now, however, made accessible by the Cape Fear and Yadkin Valley Railroad, which passes through the property. Some of the most noted iron men in America have examined and reported on these ores, and so far as the directors of this company know, there has never been an expert report on it.

company know, there has never been an expert report on it that was not highly favorable. Prof. Chas. D. Wilber, inspecor of mines and mineral lands, formerly State Geologist of Illinois and mining expert for the Northern Pacific R. R., visited Ore Hill n 1884. Extracts from his report and the opinions of Dr. E. Emmons, formerly State Geologist of North Carolina; Prof. W. C. Kerr, State Geologist; Prof. F. A. Genth, of Philadelphia: S. A. Bicharde Geologist; Prof. F. A. Genth, of Philad delphia; S. A. Richards, formerly Superintendent of the Joliet Steel Company; Mr. Thomas Graham, a prominent iron manufacturer of Philadelphia, and others, are published in the Com-

pany's prospectus.

The "Manufacturer's Record," of Baltimore, having learned of the proposed organization of this company, investigated, on its own account, the Ore Hill Tract. The report of the expert, Mr. Thomas P. Williams, M. E., is also given in the prospectus.

The company recently employed Mr. Frederick H. Smilh, of Baltimore, a not ed mining engineer and mineralogist, to examine the property. His report confirmed all that had been claimed, and he advised the company to build the furnaces. Mr. Smith is a man of such eminence in his profession that it would be superfluous to make any mention of the value of his report. He is a member of the American Society of Civil Engineers, a member of the American Institute of Mining En-

Coke for the furnaces will be brought from Pocahontas, 245 miles, by the Norfolk & Western and Cape Fear & Valley Railroads, which will connect at the State line near Mount Airy, N. C.
In the organization of the company the projectors had in

FIRST-The building of furnaces for the manufacture of iron and steel and ultimately the building of rolling mills and other industries for the utilization of the product of the furnaces.

SECOND—The acquisition of a considerable area of land around the locality that might be selected as the site of the furnaces, in order that the company might itself enjoy the results of its own work, by getting the benefit of the increase in real estate values that would follow the establishment of furnaces and other industries.

THIRD—The inauguration of a general development and town-building enterprise, starting with an attempt to secure the location on its property, of iron, wood, textile and other industries, thus bringing together an aggregation of factories and stores, and a continually increasing population, with the resulting need for land for business and resident purposes.

Greensboro, the location of the North Carolina Steel and Iron Works, has a population now of 7,000, is the capital of Guifford County. It is the junction of three railroads. It is most favorably situated and climate genial and healthful. It has already 37 industrial institutions and 100 wholesale and retail stores. During the past five years Greensboro has doubled in population. No effort has ever been made to stimulate its growth beyond the usual exertions of legitimate business. It is beyond all question the most central, healthy and desirable

for all kinds of trade and manufactur-

ing as any spot in the United States.

TOWN SITE PROPERTY.

Before announcing its purpose, the Company, through its agents, secured options on about 2,500 acres of very desirable property adjacent to Greensboro, some of it being within the corporate limits, and the whole of it being in an almost solid body. About 1,500 acres have already been purchased, and the remainder is being taken up as the options expire. The whole of it has been secured at an average price of \$35.00 an acre. This is no more than has been paid for the town site lands on which most of the industrial towns of the South have been built up, and in comparison with which this has the immeasurable advantages of

EXTENSIVE RAILROAD CONNECTIONS

And facilities unexcelled by any of them; an active, progressive town of 7,000 to start with: Water-works, gas works, electric light works, paved streets, churches and schools, elegant houses, an established society,

and all the attractions that pertain to an old community. Imported Parmesian Cheese, grated for THE SURVEY of the Town Lots is now progressing, and it is expected that the Company will have a sale of lots in May. Extra inducements will be offered by the Company to any kind of industry that will locate on on the Company's lands, and

MANUFACTURING SITES

Will be donated. Greensboro is destined to equal any of the Southern towns in push, energy and success. It is confi-

dently expected that there will be 25,000 inhabitants here in five years. LAND SALES Judging from the experience of other development enterprises, it would seem to be within a reasonable and and conservative limit to expect within two years to realize from sales of lots, covering a comparatively small part of the total area of land purchased, an aggregate sum

Equal to the Capital Stock of the Company.

This, when added to the expected profit from the Company's furnaces and other works, makes the opening for the investment of capital one of the most inviting that has been presented to the public since the beginning of the present

THE COMPANY WILL BUILD AT ONCE TWO 75 TON FURNACES.

industrial era in the South.

-ONE TO MAKE

BESSEMER IRON AND THE OTHER MILL AND FOUNDRY IRON.

SUCCESS-There is no doubt as to the success of the Company. This is purely a North Carolina industry, and there is no reason why the State cannot become one of the great iron producers of the country. People of North Carolina! Look at what your sister States are doing. You can do as well, if not better, if you will only have confidence in what you have got. Subscribe liberally to the stock and trust the men who

Their names alone is a sufficient guarantee as to the reliability and successful management; this, also, backed by the foster-

are at the head of the

Company.

THE CAPITAL STOCK OF THE COMPANY IS \$1,000,000.

ing interests of the Cape Fear & Yadkin Valley, and Richmond & Danville Railroads.

Large subscriptions have already been received at par. None of the stock will be sold at less than par. The proceeds will go into the Treasury, to be used for development purposes, with a view to making valuable the company lands. It is probable that when one-half the stock (\$500,000) has been subscribed for, the books will be closed until after the first land sale. For
